

**SVB GOVT. DEGREE COLLEGE
KOILKUNTLA
Nandyal District, A.P.- 518134**

**NATIONAL SEMINAR ON
ADVANCES IN CELL BIOLOGY THROUGH
MOLECULAR BIOTECHNOLOGY
(ACBMBT-2026)
05, May - 2026**

Organised by:

**DEPARTMENT OF ZOOLOGY
SVB GOVT. DEGREE COLLEGE
KOILKUNTLA
Nandyal District, A.P.- 518134**

**Chief Patron
Dr. Narayana Bharat Gupta, I.A.S**
Commissioner of Higher Education
A.P, Mangalagiri

**Patron
Dr. K. Gnaneswar, M.Sc. Ph.D.**
R.J.D Collegiate Education
Kadapa

**Chairman
Dr. M. Venugopal, M.Sc., Ph.D.**
Principal
SVB Govt. Degree College,
Koilkuntla, Nandyal District.

Resource Persons:

Dr. Rayala Suresh Kumar, M.Sc., Ph.D.
Professor
Department of Biotechnology,
Indian Institute of Technology
Madras

Dr. Pakala Suresh Babu, M.Sc., Ph.D.
Professor
Department of Biochemistry
University of Hyderabad
Hyderabad, Telangana.

About Seminar:

Cell biology has entered an era of remarkable transformation, driven by the rapid progress of molecular biotechnology. The integration of molecular tools and techniques has revolutionized our understanding of cellular architecture, dynamics, and function, offering new insights into the fundamental processes that govern life. With the advent of advanced molecular technologies such as CRISPR-Cas gene editing, high-resolution imaging, omics-based approaches, and single-cell analyses, researchers are now able to probe cellular mechanisms at unprecedented depth and precision. These advancements not only enhance our comprehension of cellular behavior and regulation but also open up novel possibilities for therapeutic interventions, disease diagnostics, and biotechnological innovations. The National Seminar on "Advances in Cell Biology through Molecular Biotechnology" aims to provide a common platform for scientists, academicians, researchers, and students from diverse disciplines to share their knowledge, research findings, and emerging trends in this rapidly evolving field. The seminar will feature keynote lectures by eminent scientists, invited talks, oral and poster presentations, and interactive discussions focused on cutting-edge topics such as molecular signaling, genome editing, cell imaging, stem cell research, bioinformatics, and translational biotechnology. This academic gathering seeks to foster interdisciplinary collaboration, promote innovation, and inspire young researchers to engage in advanced studies that bridge the gap between molecular understanding and applied biotechnology. By facilitating the exchange of ideas and experiences, the seminar aspires to strengthen the research ecosystem and contribute to the development of sustainable scientific solutions for societal benefit. Organized by [Name of Institution/Department], this seminar represents a step toward nurturing scientific curiosity and excellence in the life sciences. It promises to be an enriching experience for all participants, providing opportunities for learning, networking, and exploring the exciting frontiers of molecular and cellular biology in the 21st century.

ONE DAY NATIONAL SEMINAR ON
ADVANCES IN CELL BIOLOGY THROUGH
MOLECULAR BIOTECHNOLOGY

(ACBMBT-2026)

Registration Form

Name:

Qualification:

Designation:

Organization:

Address for Correspondence:

Email:

Mobile No:

Date:

Signature of the Participant

Please Register by Scanning QR Code:

Convener:

Dr.H.Ramasubba Reddy,
Lecturer in Zoology

Send your Abstracts/Articles to the below gmail id
on or before 01-05-2026.

Abstracts/Articles will be published in Conference
proceedings with ISBN Number

Send Registration fee through phone pay to the
mobile no:- 9441985286

Call for Papers

- . Abstract: Times New Roman, 12 pt, Double Spacing
- . Oral/ Poster Presentations
- . Best Presentation Awards
- . ISBN/ ISSN Publication Opportunity

Email: kklg4.jkc@gmail.com

Mobile : 9441077907, 9441985286

The principal aim of the ACBMBT-2026 seminar is to involve scientists and institutions in a discussion form on the influence of Cell Biology and Biotechnology.

Seminar topics

- Genome editing technologies
- Stem cell engineering
- Molecular signaling pathways
- Epigenetic regulation mechanisms
- Proteomics and metabolomics
- CRISPR-Cas applications
- RNA interference studies
- Synthetic biology approaches
- Molecular diagnostics innovations

Registration:

Faculty : Rs. 200/-

Research scholars/students : Free

Registration for participating in the seminar may be done by sending the filled in registration forms as per the proforma given in this broucher by E-mail or by post.

Cheif Patron

Dr.Narayana Bharath Gupta, CCE, A.P.

Patron

Dr.K.Gnaneswar, RJDCE, Kadapa

Chairman

Dr.M.Venugopal, Principal, SVB. GDC, Koilkuntla.

Convener

Dr.H.Ramasubba Reddy, Lecturer in Zoology

Co-convener

Sri.E.V.Bhaskara Reddy, Lecturer in English

Organising Secretary

Sri.A.Krishna Dasu, Lecturer in Physics

Members

Sri.U.Venkateswara Reddy, Lecturer in Commerce

Sri. I. Nageswara Reddy, Lecturer in History

Dr.K.Rajasekhar, Lecturer in Commerce

Dr.A.Lakshmi Devi, Lecturer in Botany

Sri.B.Narendranatha Reddy, Lecturer in Mathematics

Dr.S.Bhaskar Naik, Lecturer in Computer Applications

Sri.A.Krishna Shasanka, Lecturer in Telugu

Smt.P.Annapurna, Lecturer in Chemistry

Sri.P.Santi Reddy, Lecturer in Political Science

Sri.K.V.Ramana Reddy, Librarian

NATIONAL SEMINAR ON
ADVANCES IN CELL BIOLOGY THROUGH
MOLECULAR BIOTECHNOLOGY

(ACBMBT-2026)

05- May - 2026

About the College

SVB Government Degree College, Koilkuntla, a premier institution under the Department of Collegiate Education, Government of Andhra Pradesh, has been dedicated to providing quality higher education and fostering research culture among students and faculty. The college offers a wide range of undergraduate programs in arts, science, and commerce, and is committed to promoting academic excellence, innovation, and community engagement.

With a strong emphasis on scientific inquiry and interdisciplinary learning, the institution serves as a vibrant center for knowledge creation in the Rayalaseema region. In pursuit of its vision to nurture young minds with cutting-edge scientific understanding, the college is organizing a National Seminar on "Advances in Cell Biology through Molecular Biotechnology." This seminar aims to bring together academicians, researchers, and students from across the country to share insights, recent developments, and innovative approaches in the fields of cell biology and molecular biotechnology, fostering collaboration and inspiring future research.
